5 Submitted with a copy of the Chief Engineer's note of April 1910 on the Mysore City Drainage. The Board of Trustees have been called upon to submit a comprehensive programme of works to be carried out in the future on the lines suggested in para 43 (a) of the note for the consideration and orders of Govt.

Adding 6 The Chief Engineer 27/5 is of opinion that cast iron pipes for carrying sewage, under ground pipes are preferable - Vide paras 15 to 22 of his notes on the Mysore City Drainage. The question why the pipes get choked has been briefly referred to in para 17 The defect in design where it exists has to be rectified, if possible - The appointment of a Special expert Engineer to inspect and report upon sewage drainage does not seem to be necessary. The Precedents at present may be annexed to the notes of the Chief Engineer of which a copy was sent to him with -
